**Abstract of JP2002180026**

**PROBLEM TO BE SOLVED:** To obtain an adhesive composition having the same ability to be handled, adhesive strength and adhesive strength-retaining properties as those of conventional ones, reduced in bad odor or having no bad odor and provide an adhesive tape. **SOLUTION:** In this adhesive composition, an adhesive characterized by a carbon-carrying acid clay is added. This adhesive tape has an adhesive layer comprising the aforesaid adhesive composition.
